

# GRAD-SCHOOL ADMISSIONS WORKSHOP

## 海外進学ワークショップ

Getting admitted to graduate programs in North America or Europe is completely different from grad-school in Japan or from getting into undergraduate programs. We have asked successful senior students to share their experiences with students who plan to apply in the next semester. If interested, come and find out what you have to do and what it takes! 欧米での大学院入試は日本とは異なり、筆記試験中心ではなく、小論文、推薦書、面接が重要です。これらに向けた準備、攻略法を G30 国際プログラムの先輩たちが伝授します。海外進学を検討しているあなたも是非参加してみてください。
