They are going to submit necessary

documents to university such as a

copy of their passport picture page.

an approved vaccination certificate and an

additional PCR test on the 10th day or later.

- Visa application will be open again for self-funded international students with some conditions.
- One of them is that a host university is required to apply for the special arrangement to MEXT for the students on the categorized chart, which is shown below, in order of the issue date of Certificate of Eligibility (CoE).
- Generally, the students are asked to stay at their dorms or hotels during the 14-day guarantine as well as report their health condition and location.

=Who can start the procedures and when?= Students who have CoE issued between Students who can start Jan 2020 to Mar 2020 April 2020 to Sept 2020 Oct 2020 to Mar 2021 procedures from Nov 2021 Dec 2021 Jan 2022 14-day Quarantine Period Starting Procedures Before entry to Japan Boarding and Arriving Day 10 Day 14 Immigration and University University **MEXT Embassy** PCR test *1 Students Quarantine International Students Around 2 weeks **ENTRY to JAPAN** Around 2 weeks -Screening the -Preparing -Receiving -Certificate -Sending applications. application them and Staying at those -Upon passing the forms and visit the documents Completion review, Certificate of Dorms/ Hotels -Issuing Visa other required End of Japan of to Completion of documents Embassy in students Screening etc. **Ouarantine** Screening, screened from students. their country for visa and other Pledge and Activities to apply for Period -Submitting -Following the rules application. documents Schedule will be sent to them to MEXT/ Visa. during the should be University quarantine. required/.
