

MESSAGE FROM THE INSTRUCTOR

# CALCULUS II

Bourne Chris

Calculus II studies differentiation and integration in 2, 3 and higher dimensions. These methods are used extensively in the natural sciences and have recently found increasing applications in the social sciences. Let's have fun learning together.

微積分は科学に不可欠な技術で、興味のある皆様は大歓迎です。科目の内容を勉強したことがあっても英語の用語を学ぶ機会があつて、将来に役立ちます。頑張りましょう。
