

MESSAGE FROM THE INSTRUCTOR

QUANTUM CHEMISTRY I

QUAN
PHUNG

Quantum chemistry is a fascinating field that combines chemistry, physics, and mathematics to explain and predict the behavior of molecules.

It offers a deeper understanding of the world around us.

I understand that it can be challenging to learn a new subject, especially one as complex as quantum chemistry.

But don't be afraid to seek help when needed.

And most importantly, have fun and enjoy the course.
